

# Fixing Assets & saving \$\$\$

*with BCP's ARMEX® Cleaning & Coating Removal Systems*

Blast It Clean It Paint It utilises the Armex® (Bi-Carb) Cleaning & Coating Removal Systems. Our specially engineered equipment & Armex® Blast Media enables our company to achieve results never possible before with traditional cleaning & coating removal methods. These systems are ideal for assets that require quick turnaround as jobs can be undertaken whilst still in operation. Thus saving Time, Labour & \$\$\$.

Our system provides superior worker & environmental profile compared with solvents, chemicals & sandblasting. Armex® Blast Media is USDA approved A-1 Cleaner & AQIS approved for cleaning inside of factories as the material is deemed non-hazardous.

Our system can remove: paint, dirt, grease, oil, carbon & more from: steel, brickwork, aluminium, concrete, plastics, glass & more.

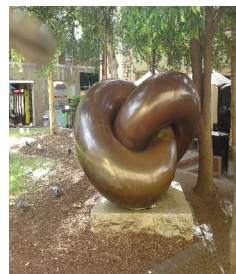

*Difficult equipment easily cleaned*

*Graffiti removed from brickwork & doors*

*Ball Mill cleaned & repainted one step*

*Monuments requiring Delicate Surface restoration*

**Blast It Clean It Paint It P/L** when utilizing the Armex® Cleaning & Coating Removal System can help your asset maintenance & production shutdowns which will save money.
